Bibliography of Special Collections Slavic Language and Literature Materials

Many of these books are not yet listed in our online Chinook catalog. Because our holdings include donations, collecting specialties such as photobooks, children's books, or offerings from affiliated persons, e.g. Eugene Kayden, they may not necessarily be defined as rarities. Books lacking call numbers may be in the process of being cataloged. Consult department staff or check Chinook for more current information.

Titles are transliterated. Translated titles supplied by the compiler are listed in square brackets. Identical books with *any* copies listed in online records (not necessarily SPC's) are indicated with [Chinook.] before the call numbers. Some languages are indicated for clarity, e.g., [Ukrainian.] SPC copies may lack item records or copy information until they can be fully processed.
